March 3, 2015

Mr. David E. Kendall
Williams & Connolly LLP
725 12th Street NW
Washington, D.C. 20005

Dear Mr. Kendall:

Last night, the *New York Times* published allegations that former Secretary of State Hillary Clinton exclusively used a private email account to conduct her official business while at the Department of State.¹ While this information is now publicly known, the Select Committee on Benghazi has been aware since last year that Secretary Clinton used a private email address to conduct official business. Documents produced to the Committee by the Department of State indicate that Secretary Clinton's private email account had a @clintonemail.com domain name. In fact, the Committee is aware of two accounts used by Secretary Clinton: hdr22@clintonemail.com, and hrc17@clintonemail.com. It is unknown whether those were the only two accounts used by Secretary Clinton to communicate regarding Benghazi.

Given the recent public nature of these allegations, it is reasonably foreseeable that the Committee will request additional documents from Secretary Clinton in the very near future as it continues its investigation into the circumstances surrounding the Benghazi terrorist attacks. To ensure that a full and complete record of relevant communications will be produced to the Committee in response to a document request, the Committee requests that you:

1. Preserve all e-mail, electronic documents, and data ("electronic records") created since January 1, 2009, that can be reasonably anticipated to be subject to a request for production by the Committee. For the purposes of this request, "preserve" means taking reasonable steps to prevent the partial or full destruction, alteration, testing, deletion, shredding, incineration, wiping, relocation, migration, theft, or mutation of electronic records, as well as negligent or intentional handling that would make such records incomplete or inaccessible;

 WASHINGTON, DC 20510-6250

July 29, 2015

Mr. David E. Kendall
 Williams & Connolly LLP
 725 Twelfth Street NW
 Washington, DC 20005

Dear Mr. Kendall:

The Inspector General of the Intelligence Community (IC IG) recently notified Congress that you possess a thumb drive containing 30,000 emails from your client, former Secretary of State Hillary Clinton, which may contain classified information sent or received by Secretary Clinton.¹ I write to inquire what protections you have implemented to access, store, and safeguard the classified material in your possession.

On March 12, 2015, I joined with Chairmen Bob Corker and Richard Burr in asking the Inspector General of the State Department to examine whether State Department employees sent or received classified information in an insecure manner.² We asked that the State Department IG coordinate with the IC IG in this review.³ On March 18, 2015, I wrote separately to the State Department IG to inquire, among other things, whether Secretary Clinton's emails included any classified information.⁴ On July 23, 2015, the IC IG notified Congress that State Department Freedom of Information Act (FOIA) officials informed him "that there are potentially hundreds of classified emails within the approximately 30,000 provided by former Secretary Clinton."⁵ The IC IG stated:

We note that none of the emails we reviewed had classification or dissemination markings, but some included IC-derived classified information and should have been handled as classified, appropriately marked, and transmitted via a secure network. **Further, my office's limited sampling of 40 of the emails revealed four contained classified IC information which should have been marked and handled at the SECRET level.**⁶

The memorandum further stated that “the 30,000 emails in question are purported to have been copied to a thumb drive in the possession of former Secretary Clinton’s personal counsel, Williams and Connelly [sic] attorney David Kendall.”⁷

On July 24, 2015—after suggestions that the information in Secretary Clinton’s emails had been classified retroactively⁸—the IC IG and the State Department IG issued a joint statement. They wrote:

The IC IG found four emails containing classified IC-derived information in a limited sample of 40 emails of the 30,000 emails provided by former Secretary Clinton. The four emails, which have not been released through the State FOIA process, did not contain classification markings and/or dissemination controls.

These emails were not retroactively classified by the State Department; rather these emails contained classified information when they were generated and, according to IC classification officials, that information remains classified today. This classified information should never have been transmitted via an unclassified personal system.⁹

The IC IG and State Department IG concluded that “classified information may exist on at least one private server and thumb drive that are not in the government’s possession.”¹⁰

As you know, Directive No. 1 of the National Archives’ Information Security Oversight Office (ISO) requires holders of classified information to “protect[] it from persons without authorized access to that information, to include securing it in approved equipment or facilities . . .”¹¹ The ISO Directive mandates that “[c]lassified information shall be stored only under conditions designed to deter and detect unauthorized access to the information,” and prescribes storage requirements according to the classification level.¹² The Directive also prescribes requirements for the transmission of classified information and requires the implementation of information controls to “assure that access to classified information is provided to authorized persons.”¹³ Further, the State Department’s *Foreign Affairs Manual* requires classified information to be stored in an “approved locked container” under particular conditions.¹⁴

Based on the IC IG’s memorandum, it is unclear what actions, if any, you have taken to safeguard the classified information contained on the thumb drive in your possession. The lax

storage and safeguarding of this information could have serious consequences to national security. Accordingly, I ask that you provide the following information:

1. Please explain how you have secured the thumb drive in your possession that apparently contains Secretary Clinton's emails, including emails with classified information ("the thumb drive").
2. Please identify the manufacturer and model of the thumb drive.
3. Please identify all individuals who have had or currently have access to the thumb drive.
4. Please identify the computer system(s) you and/or your colleagues utilize or have utilized to access the data on the thumb drive.
5. Please provide a list of every individual who has accessed or had possession of the thumb drive since it came to be in your possession.
6. Please explain the controls you have established for storing, transporting, and accessing the thumb drive and the basis for those controls in Federal policies and procedures regarding storage of and access to classified information.
7. Please identify any partners or employees of Williams & Connolly, including yourself, who possess personal security clearances for the possession of and access to classified information issued by the Federal Government; any partners or employees of Williams & Connolly with formal authorizations to courier classified information; and any facility clearances issued to Williams & Connolly or to which individuals at Williams & Connolly have access for storage purposes.
8. Please explain how you have secured the server used by Secretary Clinton to send and receive emails during her time as Secretary of State, including emails that may contain classified information.

In addition, I ask that you take all appropriate steps on behalf of Secretary Clinton to preserve all devices and data on those devices—including the thumb drive in your possession and the private server used by Secretary Clinton—that may contain classified information. I ask that you provide responses to the requests above and a certification that you have preserved this material as soon as possible but no later than 5:00 p.m. on August 12, 2015.

Instructions for Responding to a Committee Request
Committee on Homeland Security and Governmental Affairs
United States Senate
114th Congress

A. Responding to a Request for Documents

1. In complying with the Committee's request, produce all responsive documents that are in your possession, custody, or control, whether held by you or your past or present agents, employees, and representatives acting on your behalf. You should also produce documents that you have a legal right to obtain, that you have a right to copy or to which you have access, as well as documents that you have placed in the temporary possession, custody, or control of any third party. Requested records, documents, data, or information should not be destroyed, modified, removed, transferred, or otherwise made inaccessible to the Committee.
2. In the event that any entity, organization, or person denoted in the request has been or is also known by any other name or alias than herein denoted, the request should be read also to include the alternative identification.
3. The Committee's preference is to receive documents in electronic form (i.e. CD, memory stick, or thumb drive) in lieu of paper productions.
4. Documents produced in electronic form should also be organized, identified, and indexed electronically.
5. Electronic document productions should be prepared according to the following standards:
 - a. The production should consist of single page Tagged Image Files ("tif"), files accompanied by a Concordance-format load file, an Opticon reference file, and a file defining the fields and character lengths of the load file.
 - b. Document numbers in the load file should match document Bates numbers and .tif file names.
 - c. If the production is completed through a series of multiple partial productions, field names and file order in all load files should match.
 - d. All electronic documents produced should include the following fields of metadata specific to each document:

BEGDOC, ENDDOC, TEXT, BEGATTACH, ENDATTACH, PAGECOUNT, CUSTODIAN, RECORDTYPE, DATE, TIME, SENTDATE, SENTTIME, BEGINDATE, BEGINTIME, ENDDATE, ENDTIME, AUTHOR, FROM, CC, TO, BCC, SUBJECT, TITLE, FILENAME, FILEEXT, FILESIZE, DATECREATED, TIMECREATED, DATELASTMOD, TIMELASTMOD, INTMSGID, INTMSGHEADER, NATIVELINK, INTFILPATH, EXCEPTION, BEGATTACH.

Instructions for Responding to a Committee Request

- e. Alternatively, if the production cannot be made in .tif format, all documents derived from word processing programs, email applications, instant message logs, spreadsheets, and wherever else practicable should be produced in text searchable Portable Document Format (“.pdf”) format. Spreadsheets should also be provided in their native form. Audio and video files should be produced in their native format, although picture files associated with email or word processing programs should be produced in .pdf format along with the document it is contained in or to which it is attached.
- f. If any of the requested information is only reasonably available in machine-readable form (such as on a computer server, hard drive, or computer backup tape), consult with the Committee staff to determine the appropriate format in which to produce the information.
6. Documents produced to the Committee should include an index describing the contents of the production. To the extent more than one CD, hard drive, memory stick, thumb drive, box or folder is produced, each CD, hard drive, memory stick, thumb drive, box or folder should contain an index describing its contents.
7. Documents produced in response to the request should be produced together with copies of file labels, dividers or identifying markers with which they were associated when the request was served.
8. When producing documents, identify the paragraph in the Committee’s schedule to which the documents respond.
9. Do not refuse to produce documents on the basis that any other person or entity also possesses non-identical or identical copies of the same documents.
10. This request is continuing in nature and applies to any newly discovered information. Any record, document, compilation of data or information not produced because it has not been located or discovered by the return date, should be produced immediately upon subsequent location or discovery.
11. All documents should be Bates-stamped sequentially and produced sequentially. Each page should bear a unique Bates number.
12. Two sets of documents should be delivered, one set to the Majority Staff and one set to the Minority Staff. When documents are produced to the Committee, production sets should be delivered to the Majority Staff in Room 340 of the Dirksen Senate Office Building and the Minority Staff in Room 346 of the Dirksen Senate Office Building.
13. If compliance with the request cannot be made in full by the date specified in the request, compliance should be made to the extent possible by that date. Notify Committee staff as soon as possible if full compliance cannot be made by the date specified in the request, and provide an explanation for why full compliance is not possible by that date.

Instructions for Responding to a Committee Request

14. In the event that a document is withheld on the basis of privilege, provide a privilege log containing the following information concerning any such document: (a) the privilege asserted; (b) the type of document; (c) the general subject matter; (d) the date, author and addressee; and (e) the relationship of the author and addressee to each other.
15. If any document responsive to this request was, but no longer is, in your possession, custody, or control, identify the document (stating its date, author, subject and recipients) and explain the circumstances under which the document ceased to be in your possession, custody, or control.
16. If a date or other descriptive detail set forth in this request referring to a document is inaccurate, but the actual date or other descriptive detail is known to you or is otherwise apparent from the context of the request, produce all documents which would be responsive as if the date or other descriptive detail were correct.
17. In the event a complete response requires the production of classified information, provide as much information in unclassified form as possible in your response and send all classified information under separate cover via the Office of Senate Security.
18. Unless otherwise specified, the period covered by this request is from January 1, 2009 to the present.
19. Upon completion of the document production, you should submit a written certification, signed by you or your counsel, stating that: (1) a diligent search has been completed of all documents in your possession, custody, or control which reasonably could contain responsive documents; and (2) all documents located during the search that are responsive have been produced to the Committee.

B. Responding to Interrogatories or a Request for Information

1. In complying with the Committee's request, answer truthfully and completely. Persons that knowingly provide false testimony could be subject to criminal prosecution for perjury (when under oath) or for making false statements. Persons that knowingly withhold subpoenaed information could be subject to proceedings for contempt of Congress. If you are unable to answer an interrogatory or information request fully, provide as much information as possible and explain why your answer is incomplete.
2. In the event that any entity, organization, or person denoted in the request has been or is also known by any other name or alias than herein denoted, the request should be read also to include the alternative identification.
3. Your response to the Committee's interrogatories or information requests should be made in writing and should be signed by you, your counsel, or a duly authorized designee.

Instructions for Responding to a Committee Request

4. When responding to interrogatories or information requests, respond to each paragraph in the Committee's schedule separately. Clearly identify the paragraph in the Committee's schedule to which the information responds.
5. Where knowledge, information, or facts are requested, the request encompasses knowledge, information or facts in your possession, custody, or control, or in the possession, custody, or control of your staff, agents, employees, representatives, and any other person who has possession, custody, or control of your proprietary knowledge, information, or facts.
6. Do not refuse to provide knowledge, information, or facts on the basis that any other person or entity also possesses the same knowledge, information, or facts.
7. The request is continuing in nature and applies to any newly discovered knowledge, information, or facts. Any knowledge, information, or facts not provided because it was not known by the return date, should be provided immediately upon subsequent discovery.
8. Two sets of responses should be delivered, one set to the Majority Staff and one set to the Minority Staff. When responses are provided to the Committee, copies should be delivered to the Majority Staff in Room 340 of the Dirksen Senate Office Building and the Minority Staff in Room 346 of the Dirksen Senate Office Building.
9. If compliance with the request cannot be made in full by the date specified in the request, compliance should be made to the extent possible by that date. Notify Committee staff as soon as possible if full compliance cannot be made by the date specified in the request, and provide an explanation for why full compliance is not possible by that date.
10. In the event that knowledge, information, or facts are withheld on the basis of privilege, provide a privilege log containing the following information: (a) the privilege asserted; (b) the general subject matter of the knowledge, information, or facts withheld; (c) the source of the knowledge, information, or facts withheld; (d) the paragraph in the Committee's request to which the knowledge, information, or facts are responsive; and (e) each individual to whom the knowledge, information, or facts have been disclosed.
11. If a date or other descriptive detail set forth in this request is inaccurate, but the actual date or other descriptive detail is known to you or is otherwise apparent from the context of the request, provide the information that would be responsive as if the date or other descriptive detail was correct.
12. In the event a complete response requires the transmission of classified information, provide as much information in unclassified form as possible in your response and send all classified information under separate cover via the Office of Senate Security.
13. Unless otherwise specified, the period covered by this request is from January 1, 2009 to the present.
